What Do Veterans Have to Say?

Check out some of the quotes from some former service members who are now Pillar To Post franchise owners.

They do an impressive job of promoting the brand, which is helpful, especially when you are first starting off...[The] VetFran program made it possible for me. The fact that my first official day was 9/11 is not lost on me."

– **MATT ROBERTIE**, stationed in Fort Hood, Texas on September 11, 2001 and served in Iraq in 2003

Being a franchisee seems second nature to me. Pillar To Post has the system in place, the desire to grow their business and the personnel who are willing to make this a reality for our family. And the 20% VetFran discount sealed the deal."

– **THOMAS LEMROW, JR.**, served a combined 25 years in Regular Army and Florida Army National Guard

It's been busy and booming in Houston. Then when Hurricane Harvey hit we were affected just like everyone else. That's when I found out just how great it was to be a part of the Pillar To Post Home Inspectors family and why they are ranked the No. 1 home inspection franchise in North America by Entrepreneur Magazine. Franchisees from other cities donated their next inspections to those of us in trouble from the recent hurricanes. Now that's what a great franchise network does!"

– **VINCE STOAKLEY**, served in the U.S. Army for 20 years before retiring in 2012
